Dear Friends,

It is my pleasure to welcome you for the 8th Annual conference
"Pearls in Clinical Neurology 2021 (PCN)" on 19th December 2021.

With the ongoing pandemic, this year will be a **virtual conference**.
The theme for this year is **"Neuro essentials"**.

We have a different and an interesting format this year. **There will not be any powerpoint didactic lecture. Each speaker will have pertinent questions directed to them on their topic.**

We have very eminent international faculty who will address topics related to stroke, epilepsy, multiple sclerosis, movement disorder, dementia and neuropsychiatry issues in neurology.

Learning couldn't have been more fun!
So join us on December 19th on the virtual platform.

Warm Regards
